Člana in goni glasbene zasedbe Fake Orchestra sta izjemna glasbenika, ki izvajata slovenske in tuje etno pesmi v radoživih zvočnih podobah, ki jih slikajo pretežno plesni ritmi in džezovske improvizacije. Zvoki italijanskih popevk, brazilske sambe in bosanskih sevdalink se tako prepletajo z odmevi džezovskih evergreenov, afriških ritmov ter energijo rocka in funka.

Glasba, ki jo izvajata, je preplet ljudskega izročila, avtorske glasbe in uglašbitov poezije Srečka Kosovelja. Njuna glasba je čutna, nežna in temperamentna hrkati, mešanica balkanskih, španskih ritmov in slovenske ljudske pesmi.

Trio izkušenih glasbenikov (Andrej Tomazin, Jure Čehovin in Miha Friedric) izvaja brazilsko sambo in sorodno popularno glasbo na način, ki stilsko ohranja njeno avtentičnost in se ogiba sodobnim primesem džeza ter ostalim očitnim angloameriškim glasbenim vplivom.

The music they perform is a combination of folk heritage, their original compositions and the poetry of Srečko Kosovel set to music. It is sensual, gentle and at the same time temperamental; it is a mixture of Balkan and Spanish rhythms and Slovene folk songs.
